MANY BEAR DR. WELLFORD. Last night the Second Preshyterian

Caurch was filled almost to its capacity with interested listeners is D. Wellford delivered the second sermon in the series o'services now in progress in that church. His theme was "The Ressonableness of Salvation." His text, "Come now and let us resson together, saith the Lord." As the large su lience was swept onward c.uld almost feel toat they had been ushered into the very presence of the great K ng of all the earth, the Almighty God. He said that God has always been willing to submit his claims for allegiance to the arbitration of a sound mind in a sound body. That God wast d his crea ures to reason out his claims. Then he showed that Jerus Christ sat the seal of H s divine approval upon the scriptures of the Old Testament as the word of God, and that His Spirit sealed the New Testament That these great part, he will act as superintendent for the of this only divine rule of faith and erection of a U.S. government postoffice practice are the gifts of God to man. With the closest attention the speaker was followed in every word -he spoke. Mrs. William Woolls sang with great sad Mr. Lynn Sadgwick Hornor, of feeling that beautiful song, "The Ninety-and-nine" Tooight at 7.45 for fifteen to mrs. Frank Hume, on Massachusetts question box on the table in the vestapule. This part of the service will doubtless prove very attractive. At noon tiday shop prayer meetings will be held in two factories, condu ted by Dr. Wellford and the pastor and workers of the church. This afternoon at 3:15 the interesting B ble studies will be continued, and tonight Dr. Weilford will preach on the necessity of regeneration. Mrs. Leta Montague Sevier, of Bristol, Tennessee, arrived this morning to assist in the meetings by singing the simple Gospel songs. Mrs. Sevier is known in many

FIGHT ON TRANSFER BILL.

pasts of cur country as one of the sweet-

much to their attractiveness. The ser-

vices will continue each night during

the week, including Seturday night.

There will be a fight in the Senate Dist ict of Columbia committee over the provision inserted by the House on Monday in the universal transfer bill, compelling an interchange of free transfers between the Capital Traction Company and the Washington, Alexandria and Mount Vernon line. The bill was received by Senstor Gallinger yesterday, and was referred to the sub-committee made to strike out the clause bringing the Alexandria line under the terms of the bill, which will be opposed by Senator Martin, of Virginia, a member of the committee. There will be strong opposition to it by the railroad companies. Senator Gallinger himself thinks the amerdment ill advised, and it seemed evident at the Senate end of the Ospitol yesterday that the amendment would be stricken out by that body.

"It is the best feature in the whole bill and I believe it will stay in," said Depresentative Carlin, yesterday. "As to the argument that a reduction of 5 cents in the fare between Washington and Alexaudria would be a serious financial loss to the Mount Vernon line, it should be pointed out that the loss will be equally divided between the Mount Vernon line and the Capital Traction Company, as the exchange of transfers between the two companies, it would mem, would be about equal.

"The amendment means a reduction of 5 cents in the fare be'ween Washing-ton and Alexandria, and is popular in Virginia. The Mount Vernon line cannot increase the charge from 15 to 20 cents, which would equalize the differ ence, as the State ra Iroad commission would not permit it to do so."

LECTURE BY FATHER HANLEY The Lyceum Hall was crowded last evening it the lecture delivered by the Rev. Father John Handley, C. S. He saw bright things in store for the south which he claimed was being looked forward to by manufacturers as the industral center of the future.
